# Press Release

## **Aquaculture Effluents and Waste By-Products: Characteristics, Potential Recovery, and Beneficial Reuse**

**Ames, Iowa, December 2, 2004:** A new publication on aquaculture effluents has been recently developed by the North Central Regional Aquaculture Center (NCRAC) and University of Wisconsin Sea Grant. The authors are Steve Yeo and Fred Binkowski (Great Lakes WATER Institute, University of Wisconsin-Milwaukee) and Joe Morris (Department of Natural Resource Ecology and Management, Iowa State University). This 47-page document covers aquaculture effluents, comparisons of effluents from multiple sources, and reclamation of aquaculture wastes for beneficial uses. Cost is \$15, which includes shipping and handling. This publication can also be ordered from the Wisconsin Sea Grant online store at: [www.aqua.wisc.edu/publications](http://www.aqua.wisc.edu/publications). Call (608) 263-3259 or email [publications@aquawisc.edu](mailto:publications@aquawisc.edu) if you need more information.
